Amendments to the Specification

Please amend the specification as follows:

On page 5, line 7 insert the following:

--Fig. 6 is a flow chart for one method of determining breed code for cats. --

On page 10, line 10 after "weight factor" insert the following:

--Each breed is entered into the database. The weight of each breed is entered into the database. The weight of each breed is converted into a weight factor and retained in the database. The exercise requirement for each breed is entered into the database. The exercise requirement is converted into an exercise factor and combined with the weight factor to yield the breed code.--

On page 15, at the end of line 21, insert the following:

--Fig. 6 is a flow chart showing the calculation of breed codes by summing the

temperament factor and the need for attention factor. --

After Figure 5, insert Figure 6, as follows:
